

**Appendix A**  
**Core Outcome Data Reporting Format**

While reporting the percentage for these variables, please also indicate the sample size under **n** for each group (i.e., number of respondents who answered each of the specific questions, excluding invalid cases). For example, please report number of 6<sup>th</sup> graders who provided responses on their alcohol use in the past 30 day in the second cell of the first table below.

**Please specify the instruments used to collect outcome data.**

- |   |  |
|---|--|
| <input type="checkbox"/> State Survey                                       | <input type="checkbox"/> Monitoring the Future   |
| <input type="checkbox"/> Communities That Care                              | <input type="checkbox"/> Law Enforcement Data  |
| <input type="checkbox"/> Parents' Resource Institute for Drug Education     | <input type="checkbox"/> Search Institute Survey   |
| <input checked="" type="checkbox"/> Youth Risk Behavior Survey (grades 6-8) | <input checked="" type="checkbox"/> Developed your own survey (grades 9-12)                      |
|   | <input type="checkbox"/> Check box and then type in the name of the survey where indicated _____ |

**Please also specify the month and year when the data were collected.**

Month April Year 2007
